**MOTION OF AMICUS CURIAE FOR LEAVE TO FILE THE MOTION
FOR PRESENTING AN INVITATION TO THE HONORABLE CADC**

(CADC Case # 24-5173 (Newman v. Moore, et al.)

**NEED FOR EXPOSING THE CORRUPTION OF
THE CONSTITUTIONAL LAW:**

Title 28 USC Section 1498(a)

As already stated, at the center of this present CADC case 24-5173 is the corruption of the Constitutional Law: Title 28 USC Section 1498(a) at the USCFC and CAFC that must have to be addressed by this honorable CADC which never deals with this unique constitutional law in its (CADC) ordinary business.

At its core, this case (24-5173) is a legal case and not a medical case because no one disputes that the Honorable CAFC judge Pauline Newman is a 97+ years young lady, soon going on 98. It is the cognitively degenerate mind, integrally resident in the head of the Honorable CAFC judge Pauline Newman, that has corrupted the Constitutional law: Title 28 USC Section 1498(a). This can not stand.

The Doctrine of Equivalents is fraudulent like the Doctrine of Separate but Equal. It took the Honorable U.S. Supreme Court 58 (fifty-eight) long years (347 U.S. 483) to figure out that (163 U.S. 537) is *inherently* fraudulent.

Therefore, under orders from JOHN 8.32, this amicus curiae submits the following Motion such that this Honorable Court address the real serious issue in this case.

THE MOTION

This participating amicus curiae under CADC Rule 29(b) files the motion that this Honorable Court designate this amicus curiae *as a new witness in this extra-ordinary case* and get him rigorously cross-examined (to be video recorded) by Honorable CAFC Chief Judge (retired) Paul Redmond Michel, who is an amicus-curiae of the

Plaintiff Appellant. This is needed to expose the truth and remedy the damage done to the progress of science. The CAFC has failed three times to recognize, and then, correct the serious damage already done to the progress of science!

Honorable CAFC Chief Judge (retired) Paul Redmond Michel has gone public with the following observations (which is also in the case docket as quoted below):

USCA Case #24-5173 Document #2089319 Filed 12/12/2024 Page 22 of 24

Getting the facts straight always lies at the heart of doing justice. In this case, however, the relevant facts have yet to be established and verified.

CAFC Chief Judge (retd.) Paul Redmond Michel continues:

USCA Case #24-5173 Document #2089319 Filed 12/12/2024 Page 22 of 24

Judges from around the country anxiously ask me regarding the actions taken against Judge Newman: "What's going on with the Federal Circuit?" Is it not time for some outside authority to intervene and to end this impasse before it further undermines the credibility of the Federal Circuit, and potentially the entire judiciary?

JOHN 8.32 demands that Judge Paul Redmond Michel accepts this invitation to cross examine this amicus curiae on April 24, 2025 at the CADC.
